SPECIAL FEATURES AT TABERNACLE FOR SUNDAY

CHURCH AND LODGE WILL BE
DISCUSSED IN MORNING;
'WEIGHING THE CITY'

Saturday, 6:45 P. M.—Prayer Meeting.
Saturday, 7:30 P. M.—Everybody's Meeting.
Sunday, 11 A. M.—Subject, "The Church and the Lodge."
Sunday, 3 P. M.—Men's Mass Meeting. Subject, "Chickens Come Home to Roost."
Sunday, 6:30 P. M.—Young People's Rally.
Sunday, 7:30 P. M.—"Weighing the City."

There was special music at the tabernacle last night. In addition to the spirited congregational singing and the solo by Mr. Ironmonger, there were selections by the male quartet of the Pasadena university. The evangelist, John E. Brown, spoke from the topic, "Crossing the Dead Line." Scripture text, Genesis sixth chapter, third verse, "And the Lord said, 'My spirit shall not always strive with man.'"

"This declaration," said the evangelist, "was addressed to the antediluvians. Both the spirit of God and Noah strove to save the human race, but they spurned the gracious warnings and derided Noah as he persevered in the building of the ark. Until at the appointed time Noah and his family entered the ark and God shut them in and the door was closed and the race destroyed by the flood. But this text applies to all time and to all ages. And this evening I shall call your attention to three facts in connection with it.

Called Glorious Fact

"The first—a glorious fact. The fact that we are not left to go on our way unwarned, but that God has sent His Holy spirit into the world to strive with us. And who is there that has not experienced this small still voice appealing to us in childhood, in youth and in mature years? That has called us to holy things, to higher ideals. It is a glorious fact that the holy spirit does strive with all men everywhere.

"The second fact is a solemn one; that it is necessary for the holy spirit to operate in our lives. By nature we are sinful, and if left to our own ways and inclinations we would gravitate hellwards. The prophet Isaiah describes it in these words: 'All we, like sheep, have gone astray; we have turned everyone to his own way.' Thus it was necessary that a sacrifice should be made and a provision to redeem us from under this bondage. And so we read in John 3:16, 'God so loved the world' (Continued on Page 3)

Mr. and Mrs. C. Kausen Are Hosts To Party

Mr. and Mrs. Charles Kausen of 423 Patterson avenue entertained with a party yesterday in celebration of the seventh birthday anniversary of their daughter Ethel. Seven girls and seven boys were present. Everything was carried out with relation to the number 7. Seven different kinds of flowers were used for decorations and seven pieces of music were played. At the close of the afternoon refreshments were served.

Junior Music Club's Meeting Postponed

The Junior Music club, which was to have met tonight, has been postponed for one week. The club will meet at the home of Mrs. Spencer Robinson, 1234 East Windsor Road, next Saturday night at 7:30 o'clock. There will be machines at the high school at 7:20 for those who have no other way of getting there. At this meeting plans will be made for a picnic at the beach, which is to be the last meeting this spring.

Mr. and Mrs. P. Wells Made Happy By Boy

An eight and one-quarter pound baby was born at the Glendale Sanitarium at 9:15 this morning to Mr. and Mrs. Paul Gouverneur Wells. Mr. Wells is assistant health officer of the city of Glendale. Paul Gouverneur Wells, Jr., is the name of the new arrival.

TO APPOINT MEMBERS
The Chamber of Commerce is to appoint two members of a committee on valuation of property to be condemned by the city at the corner of Broadway and Central avenues in order to facilitate traffic on the former street which has become a main business artery to the San Fernando Road.

Snowbound For Day In May, Experience Of Glendale Party

Snowbound for a day in May. That's the experience of Mr. and Mrs. King Barton, Clyde Cooper and J. A. Pope of this city who were on a fishing expedition at Holloway's camp in Big Bear valley.

Mr. Pope on his return this morning reported there is eight inches of snow covering the valley, and it is deeper on the mountain slopes. The government has closed the control roads on the coast side of the valley with the result that the Barton party had to come through Victorville after a day's delay.

The weather is reported clearing in the San Bernardino mountains today, according to telephone advices from Riverside. Undoubtedly thousands will take advantage of this very unusual weather to visit the "rim of the world" this week-end.

Observe Mothers' Day At Chapter's Meeting

The regular half-day meeting of Chapter BA, P. E. O., was held Friday at the home of Mrs. Edith Arnold, 211 East Lomita avenue. This meeting was a "Mothers' Day" celebration. Each member brought her mother or some one else's mother to enjoy the afternoon with them, and upon the latter's arrival a lovely red rosebud was presented to her. The hostesses each wore a white carnation. Mrs. Madeline Kelley, president of BA, charmingly opened the program with a few appropriate words of welcome to the mothers. Mrs. Edith Arnold beautifully rendered some old-time songs. A mother's poem, followed by a jolly one, "Ma and the Auto," both by Edgar Guest, were well given by Mrs. Effie Preston.

The special feature of the afternoon program was a travelogue of a trip through the northwest in an auto, given by Mrs. Stella Carver, the mother of P. E. O. in California, which was given in her own inimitable fashion. She had many kodak pictures of interest to show in connection with her trip. In closing she was presented with a beautiful bouquet.

Dainty refreshments of ice-cream, in yellow and white, the P. E. O. colors, and especially attractive individual cakes with a marguerite on top, the P. E. O. flower, were served at the close of the afternoon.

The next all-day meeting will be held May 20 at the home of Mrs. Kate Williams, 208 South Orange street. This will be a philanthropic day.

Painters Will Assist Monte Vista Lodge

Ten painters from Glendale have volunteered their services and a number of the paint shops and hardware stores of this city have contributed materials for painting the kitchen at Monte Vista lodge for undernourished children. A number of Glendale ladies are contributing lunch for the workmen who will give of their time tomorrow for this worthy cause. Anyone interested can get particulars by phoning Mrs. R. W. Meeker.

A meeting of the committee of Glendale ladies, who are looking after the remodeling and furnishing of the kitchen of the home, will be held Monday evening at 7:30 o'clock at the home of Mrs. A. H. Montgomery, Central avenue near Riverdale.

William M. Masters, Age 82, Passes Away

William Morton Masters, 1317 Campbell street, passed away May 6, age eighty-two years. The deceased had been a resident of Glendale for eight years. He leaves a widow, Mrs. Nellie A. Masters, four sons, C. F. Masters of Glendale, Elmer F. Masters and Roy W. Masters of Los Angeles and P. D. Masters of Chicago, and one daughter, Mrs. F. J. Wheeler of 1330 North Maryland avenue. Mr. Masters had been in the grocery business for many years and was a member of the A. O. U. W. of Kansas City, Mo. Funeral services will be held at the parlors of the Jewel City Undertaking company at 2 o'clock Monday afternoon.

Mr. and Mrs. Mitchell Are Parents Of Boy

Word was received yesterday evening by Mrs. Ella W. Richardson, 317 North Brand boulevard, of the birth of an eight-pound baby boy to Mr. and Mrs. Shives Mitchell of King City. Mrs. Mitchell is Mrs. Richardson's daughter. This is the second child born to the couple. The first is a 2-year-old son, Billy. The new arrival has been named Fergie Shives Mitchell.

SECOND CONCERT BY THORNYCROFT BOYS MUSIC CLUB IS APPRECIATED ENTERTAINED BY PROFESSIONALS

EVERY NUMBER IS WELL GIVEN
AND ALL OF ARTISTS ARE
RESIDENTS OF CITY
EXCELLENT AND VARIED IS
PROGRAM GIVEN BEHALF
DISABLED SOLDIERS

The success with which the second concert to be presented by the Glendale Music club, which was given at the Glendale high school auditorium last night, met last night, was unsurpassed by any previous musical presentations in Glendale. The auditorium was filled by the time stated for the beginning of the concert. All of the numbers were presented by Glendale artists, even the piano being furnished by a Glendale firm.

The first number was a group of two songs by the Girl's Glee club of the high school, with Constance Domsler as accompanist and Mrs. Dora Gibson. They sang "Moon Sweeps Low" (Cadman) and "Sweet, Sweet Lady" (Spross). This was followed by a group of three songs, "Jewel of My Heart" (Ann P. Risher), "At Parting" (J. H. Rodgers) and "The Clover" (MacDowell), by Elia A. Faggioli, accompanied by Bertha Elise Faggioli at the piano. At the close of this number Mr. Faggioli was presented with a bouquet of red carnations and ferns. Mr. Faggioli was born in Bergamo, Italy, but received all his musical education in America. This group of songs were all by American composers. Both Mr. and Mrs. Faggioli are residents of Glendale and members of the Glendale Music club.

Excellent Rendered

The third number was a group of three harp solos "Mazurka" (Schnecker), "Impromptu" (Oberthur) and "Barcarolle" (Zaballa), by Mrs. Elnora Hopkins. These were most excellently rendered by Mrs. Hopkins, who is a recent addition to Glendale musical circles from Chicago. A beautiful bouquet of sweet peas was presented to her at the close of her number.

Mrs. Catherine Shank, first vice president of the Glendale Music club, and who is one of the most gifted artists in the state, presented the next number, which was a group of three songs scheduled on the program, she sang three songs by American composers, "Mid-Summer Melody," "Last Night I Heard a Nightingale" and "One Golden Day." Mrs. Shank instantly won the hearts of those in the audience by her pleasing personality and excellent voice. She was ably accompanied at the piano by Eleana Warriner.

One of the smartest affairs of the spring season was the luncheon given yesterday by Mrs. Frank Ayars and Mrs. R. A. Puffer at the Mary Louise tea room, Los Angeles. When the ladies had all gathered in the reception room they were ushered into the banquet room. Many exclamations of admiration and delight were heard when they saw the beautiful arrangement of the two large tables. One of the tables was centered with a large brown basket filled with red roses. The other table was centered with a basket of spring flowers in the pastel shades, with four colonial ladies in pastel gowns intermingled with the flowers. The fruit cocktails that were at the places were alternating in color, being of green and pink. Dainty place cards marked the places for the twenty-four guests.

Mrs. Frank Ayars presided over one table. Seated with her were Miss Hazel Campbell, Mrs. Colin Cable, Mrs. A. M. Draper, Mrs. H. B. Howarth, Mrs. J. I. Wernette, Mrs. C. E. Hutchinson, Mrs. E. W. W. Hayward, Mrs. L. W. Needham, Mrs. Charles Temple, Mrs. R. E. Chase and Mrs. C. B. Lane of Burbank. At the table presided over by Mrs. Puffer were seated Mrs. G. D. Roach, Mrs. Walter Jones, Mrs. Charles Meadows, Mrs. E. P. Hayward, Mrs. R. A. Puffer, Jr., Mrs. F. Worsley, Mrs. L. N. Hagood, Mrs. A. H. Montgomery, Mrs. A. A. Barton, Mrs. Charles A. Parker and Mrs. Thomas Wood.

After a delicious four-course luncheon the afternoon was devoted to cards, both 500 and bridge being played. First and second prizes of candlesticks with hand painted candles and cut silver compotes were awarded those making high score. Mrs. Wernette won the first prize at bridge and Mrs. Montgomery the second. First prize at 500 was won by Mrs. Temple and second prize by Mrs. Lane.

Spring Social Event Thoroughly Enjoyed

One of the smartest affairs of the spring season was the luncheon given yesterday by Mrs. Frank Ayars and Mrs. R. A. Puffer at the Mary Louise tea room, Los Angeles. When the ladies had all gathered in the reception room they were ushered into the banquet room. Many exclamations of admiration and delight were heard when they saw the beautiful arrangement of the two large tables. One of the tables was centered with a large brown basket filled with red roses. The other table was centered with a basket of spring flowers in the pastel shades, with four colonial ladies in pastel gowns intermingled with the flowers. The fruit cocktails that were at the places were alternating in color, being of green and pink. Dainty place cards marked the places for the twenty-four guests.

Mrs. Frank Ayars presided over one table. Seated with her were Miss Hazel Campbell, Mrs. Colin Cable, Mrs. A. M. Draper, Mrs. H. B. Howarth, Mrs. J. I. Wernette, Mrs. C. E. Hutchinson, Mrs. E. W. W. Hayward, Mrs. L. W. Needham, Mrs. Charles Temple, Mrs. R. E. Chase and Mrs. C. B. Lane of Burbank. At the table presided over by Mrs. Puffer were seated Mrs. G. D. Roach, Mrs. Walter Jones, Mrs. Charles Meadows, Mrs. E. P. Hayward, Mrs. R. A. Puffer, Jr., Mrs. F. Worsley, Mrs. L. N. Hagood, Mrs. A. H. Montgomery, Mrs. A. A. Barton, Mrs. Charles A. Parker and Mrs. Thomas Wood.

After a delicious four-course luncheon the afternoon was devoted to cards, both 500 and bridge being played. First and second prizes of candlesticks with hand painted candles and cut silver compotes were awarded those making high score. Mrs. Wernette won the first prize at bridge and Mrs. Montgomery the second. First prize at 500 was won by Mrs. Temple and second prize by Mrs. Lane.

James Newton Porter Of Montrose Is Dead

James Newton Porter passed away, May 6, aged 68 years. Deceased had been a resident of Montrose for four years. He was a retired banker and cattleman of Globe, Arizona. Mr. Porter leaves a widow, Mrs. Cora E. Porter, and two daughters, Mrs. L. A. Russell and Mrs. Henry Earl Butler, both of Dallas, Texas. Mr. Porter was a member of the B. P. O. E., Masons, and Moose, all of Globe, Arizona. Funeral services, which will be in charge of the Elks, will be announced later. The Jewel City Undertaking company is in charge.

Club's Music Section Has Pleasing Program

A very delightful meeting of the music section of the Tuesday Afternoon club was held yesterday afternoon at the home of Mrs. Calvin Whiting, 512 North Kenwood street, with twenty-five members present. The first number was a paper on "Russian Music," very cleverly given by Mrs. Henry Greenwalt. She displayed a number of pictures of the Russian composers in connection with her paper.

Dorothy Armstrong Welcome played three violin numbers, which were followed by piano selections of Rachmaninoff played by Miss Geiger, a recent addition to the Glendale music circle. Mrs. Robert Yost gave a vocal selection by Rachmaninoff. The next number was a piano solo by Miss Mildred Prey, by Moskowski. Reports of the Federation of Music Clubs' convention were given by Mrs. Leroy Bosserman. Mrs. Whiting then served very delicious refreshments.

Today's World News In Brief (By United Press to Glendale Evening News)

ROB BANK OF \$50,000 IN CASH AND LIBERTY BONDS
CHANDLERVILLE, Ill., May 7.—Bandits today robbed the Peoples' State bank here of nearly \$50,000 in cash and Liberty bonds and escaped. The yeggs blew open the vault with TNT.

FAVORS BILL FOR REGULATION OF PACKING INDUSTRY
WASHINGTON, May 7.—The senate agricultural committee today voted to report favorably the bill by Senator Norris, Nebraska, Republican, for federal regulation of the packing industry.

FILES RESOLUTION DEMANDING EXCLUSION OF JAPS
WASHINGTON, May 7.—Senator Shortridge, Republican, California, today filed in the senate the resolutions of the California Japanese exclusion league, adopted by the California legislature, demanding complete exclusion of Japanese immigrants.

PRICE OF WHITE CARNATIONS BOOSTED FOR SATURDAY
SAN FRANCISCO, May 7.—Tomorrow is Mothers' Day. So today growers of white carnations notified retailers here that the price of the Mothers' Day flower, which was 37½ cents to 50 cents per dozen last week, would go up to \$1 immediately.

GERMAN POLITICAL ELEMENTS REFUSE ALLIES' TERMS
BERLIN, May 7.—Strong political elements in Germany served notice today that they will not accept the allied reparations ultimatum. Leaders of the democrats and the Volks party declared they would oppose any attempt to abide by the new terms.

LARGE QUANTITY OF KANSAS WHEAT BADLY DAMAGED
TOPEKA, May 7.—Much Kansas wheat is badly damaged and will not make more than seven or eight bushels to the acre, a special report issued by the state board of agriculture today quoted George H. Wald of Rice county as saying.

MARINE ENGINEERS AGREE TO ACCEPT CUT IN WAGES
PORTLAND, May 7.—Marine engineers have agreed to accept a 15 per cent wage reduction, according to a private wire from New York this morning to General Manager A. F. Haines of the Pacific Steamship Company's Admiral line.

FILM CAPITAL DECLARES WAR ON GERMAN PICTURES
LOS ANGELES, May 7.—War on German motion pictures was declared today in Los Angeles, film capital of the world. Demonstrations and possibly violence were expected to mark the opening exhibition of a German-made photoplay at a downtown theatre. The American Legion, Hollywood Post No. 43, is up in arms over what it terms as "alien encroachment on our film rights."

FIFTH NATION INVOLVED IN STRUGGLE IN UPPER SILESIA
BERLIN, May 7.—Czecho-Slovakia was reported today to have added fuel to the international conflagration now raging in Upper Silesia. A Vienna dispatch stated that Czecho-Slovakian troops in great force had crossed the Upper Silesian frontier, making the fifth nation involved in the struggle arising out of the recent plebiscite.

AMBASSADORS GIVE INSTRUCTIONS TO COMMISSION
PARIS, May 7.—The council of ambassadors, meeting here today, instructed the allied commission in Upper Silesia to inform the people that nothing will influence them to partition that district in accordance with the recent plebiscite. The commission was instructed to issue proclamations to this effect and to make clear that the allies condemn the present disorders. Marshal Foch attended the conference of ambassadors.

MILITARISTS ARE ALARMED AT SUCCESS OF SUN YAT SEN
PEKIN, May 7.—Militarists making their headquarters here are alarmed at the success of Sun Yat Sen, president of the republican government at Canton and are resorting to a campaign of villification. There are indications of the possible establishment of two republics in China as an outgrowth of the present situation. The strongest Chinese patriots, however, disapprove of such a plan and continue to seek unification of China under one strong government.

SHOTS FIRED IN DISPUTE OVER ALLIED OCCUPATION
PARIS, May 7.—Radical elements opposing allied occupation of the Ruhr district clashed with the gendarmes here today. Shots were exchanged between groups of communists and squads of police in various parts of the workers' section of the city. Only a few persons were wounded but many arrests were made. In some instances soldiers came to the aid of the gendarmes. Three leaders of the radicals representing the communists and syndicalists were taken into custody, as well as a score of lesser agitators.

SEVENTH-DAY ADVENTIST SCHOOL DESTROYED BY FIRE
AUBURN, Wash., May 7.—Scurrying through blazing dormitories in their night clothes, 120 boy and girl students barely escaped with their lives from a fire that last night destroyed the western Washington academy, a Seventh-day Adventist school here. Three students were injured by falling glass. The boys and girls left shelterless and with only such clothing as they could snatch up in their flight, were cared for in Auburn homes. The property loss is estimated at \$50,000. The fire started in the heating plant of the main building.

AID FOR IRRIGATION FARMERS PROPOSED IN MEASURE
WASHINGTON, May 7.—Relief for irrigation farmers of the west was provided in a resolution by Senator McNary, Oregon, was passed by the senate today. It provides that users of water from government irrigation projects who now owe for water already furnished shall not be cut off from water this year. They shall continue to receive water, notwithstanding their arrears. This will permit many farmers to continue operations this year who, otherwise, would have to quit business, McNary said. Action by the house is now necessary.

CHILDREN IN PLAY 'LITTLE PRINCESS' MERIT PRAISE

REAL TALENT DISPLAYED BY
YOUNG FOLK IN PRESENTING
THREE-ACT DRAMA

"The Little Princess," as presented by the pupils of the Pearl Keller school, received a most cordial welcome at both the matinee and evening performances yesterday at the Palace Grand theatre. Practically all of the parts of this three-act play were taken by Glendale children.

The first act opened with the pupils of Miss Minchin's Girls' Boarding School dancing polka, preliminary to the birthday party given to the pupils by one of their members, Sara Carewe, who, because of her vivid imagination and make-believe and also because of the wealth of her father, Captain Carewe of India, was termed "The Little Princess."

The dancers were discovered by Miss Amelia, sister of Miss Minchin, who admonished them for their conduct and then left them on their good behavior. Lavinia, the meanest girl in the school, played by Grace Yarbrough, created another disturbance, however. Miss Amelia, dressed in an old-fashioned gown and with her hair combed in a style of years ago, was well played by Miss Marie Hearnshaw.

Characters Well Sustained

The party then began with the entrance of Miss Minchin, the proprietress of the Young Ladies' Seminary, and Sara Carewe, the "Little Princess." Miss Minchin was most satisfactorily played by Doris Packer, who showed some unusually clever character work in the portrayal of that difficult part of the strict and old fashioned dean of a girls' school.

Sara Carewe, the principal character in the play, was most charmingly and efficiently portrayed by Cecilia Mae Fischer of Burbank, a dainty little 10-year-old actress.

Shortly after the arrival of Sara Carewe, Becky, the scullery maid, entered with arms full of birthday gifts for Sara, who invited the children to open them, revealing an assortment of gifts ordered by her father. Other pupils at the party were Lilly (Beatrice Turner), Jessie (Leona Hunt), Lottie, the baby of the school (Elizabeth Turner); Ermengarde, the stupidest girl in the school (Evelyn Hunt); Lavinia, the meanest girl in the school (Grace Yarbrough); Blanche (Dorothy Dutton); Winnie (Ethelwyne Kent); Violet (Shirley Hitchcock) and Marriette (Julia Pelley).

Audience Is Delighted

Mrs. Carmichael (Phyllis Adams), mother of the family across the street, and her children then visited the school to see the children dance and enjoy the program arranged for the party. The first number was a recitation about a lady's bonnet as told by tiny little Ethelwyne Kent, who took the part of Winnie. Violet, as portrayed by Shirley Hitchcock, then delighted the audience with a vocal solo and dance. Blanche, played by Dorothy Dutton, then contributed her part to the party by doing a very graceful dance. Marriette, as played by Julia Pelley, then entered in Oriental costume and danced an Egyptian dance. "The Little Princess" herself, in a charming pink silk and lace frock, then exhibited her skill and grace by dancing a skirt dance. (Continued on Page 3.)

Requests For Transfer Of Service On File

Requests for transfer of service and new electric meter installations received at the public service department during the past 48 hours were from W. E. Harris, from 143½ North Glendale avenue to Glendale Sanitarium; A. Hansen, from 469 Hawthorne to Los Angeles; Mrs. C. Gerald, from 511 East Wilson to Glenwood apartments; C. H. Montgomery, from 218 Hawthorne; A. DeLeon, from 319 North Howard; Z. A. Phillips, 209 North Brand; Barnes-Shuck Music Co., 211 North Brand; J. J. Delaney, 1140 North Brand; Harry Duey, 1741 Wabasso Way; G. E. Jones, Pacific and Stocker; C. A. Bowlus, 327 North Adams; Hall and Thompson, 501 Alexander; S. L. Schmitt, 1243 Valley View; J. E. the mother kisses her child.

Locals And Personals

Mrs. Phoenix of 1128 East Broad-
way was a Los Angeles business vis-
itor Friday afternoon.

Glendale Union High school's new
board of trustees is meeting this
afternoon to perfect organization.

Floyd H. Reed of Ridgefield, Ill.,
was a visitor at the Glendale Cham-
ber of Commerce headquarters here
yesterday.

Margaret Dick of 309 North
Louise street is the week-end guest
of Miss Lois Keener of Pasadena on
a trip to Mt. Wilson.

Mr. and Mrs. L. C. Yeoman of 113
North Orange street had as their
luncheon guest recently John Brown
of the evangelistic party.

Mrs. M. J. Brewer, who has been
conducting a school of dressmaking
at 103-A North Brand boulevard, is
now located at 129 South Kenwood
street.

Mrs. Hadley of 1109 East Broad-
way is reported ill. A physician
was called Friday. Her daughter
from Casa Verdugo is assisting in
caring for her.

Mrs. M. M. Gale, who has been
east for the past year, has returned
to Glendale and is the guest of her
sister, Mrs. C. E. Stanley, of 108
North Everett street.

There will be a class in parlia-
mentary law in the juvenile room
of the public library, Tuesday, from
10 o'clock until 12, under the di-
rection of Mrs. T. S. McNutt.

Another luncheon, attended by
Burbank and Glendale people inter-
ested in financing armories for the
National Guard units of both towns,
is being held at the White Inn this
noon.

Mrs. Jane Barber of Parkerville,
Kas., who has been a guest this win-
ter at the home of her daughter, Mr.
and Mrs. A. R. McPhall, 318 Ivy
street, left this morning for her east-
ern home.

Henry N. Sears, traveling passen-
ger agent of the Rock Island lines,
and A. J. Rehbold, passenger agent
for the Southern Pacific, both of Los
Angeles, were visitors at the Cham-
ber of Commerce here yesterday.

Mrs. F. C. Pommern was slightly
injured last night when the coupe
which her husband was driving got
wrecked in a smashup with a light
car driven by Tom McIver. The po-
lice report states that the latter did
not have a driver's license.

Arthur Johnston of Los Angeles
has purchased the Arthur E. Lein-
aster's residence property at 1142
East Lexington Drive through the
agency of Edwin F. Kulp, 295-A
North Brand boulevard. He expects
to move here the first of June.

CHILDREN IN PLAY

'LITTLE PRINCESS' MERIT PRAISE

REAL TALENT DISPLAYED BY
YOUNG FOLK IN PRESENTING
THREE-ACT DRAMA

(Continued from Page 1.)
Music for the dancing was furnished
by Madame Pascal (Miss Gertrude
Champlain.) The children were then
told to adjourn to another room for
refreshments.

In their absence Mr. Barrow, law-
yer for Captain Crewe, as played by
A. J. Van Wie, was announced and
informed Miss Minchin of the death
of Captain Crewe and of the loss of
his fortune by having given it to a
friend to invest in a diamond mine.
Much to the consternation of Miss
Minchin the “Little Princess” is left
on her hands without a cent of
money. She puts her to work as an
assistant to Becky, the scullery maid,
and dresses her in tatters.

Second Act in Garret
The second act is laid in the gar-
ret, which is now the home of Sara
Carewe. Sara was dearly loved by
the pupils of the school, who slipped
up to visit her at night. Lottie, the
baby of the school, played by Eliza-
beth Turner, had a bad dream and
came to Sara for help. Shortly
after she had returned to her room,
Ermengarde, the stupidest girl in the
school, but who was a dear friend
of Sara's, entered with an armful
of books. Sara told Ermengarde
about a monkey that belonged to
the man next door which had run
away and came to see her. While
they were talking about it the mon-
key came again to the window of
Sara's room. This monkey created
a great deal of excitement with the
children of the audience. Sara de-
cided that she would put the monkey
to bed in the cupboard and return it
to its owner the next day.

Becky, who lived in the adjoining
“cell” in the garret, was then called
in. Ermengarde had just had a
birthday and had received a large
basket of cakes, candies and other
good things. So, it was decided that
they would have a “banquet” in the
garret. While they were in the
midst of their festivities Miss Min-
chin entered.

Dream Becomes Real
The third act closed with Sara go-
ing to bed and having a dream, so
she thought, but which later proved
to be not a dream. While she had
been asleep the man next door had
sent his Hindu servant, Ram Dass,
to her rooms and left many gifts for
her. The Hindu servant was played
by Billy Justema.

The third and last act was laid in
the living room of Mr. Carrisford's
home, next door to Miss Minchin's
Boarding School. The Carmichael
children, Janet (Clara Clark), Nora
(Blossom Moore), Mazie (Ann Eliz-
abeth Wilkinson) and Donald (How-
ard Kent) had come to visit Mr.
Carrisford who was ill. Joe Griffin
very effectively portrayed the char-
acter of Carrisford, who was the
friend to whom Captain Carewe had
given his money to invest.

The diamond mine had proven a
success, after all, and Mr. Carrisford
had instituted a search for Sara Ca-
rewe, aided by his lawyer, Mr. Car-
michael, portrayed by P. A. Brat-
tain. While discussing their failure
to find any trace of Sara, the servant
entered with the message that the
little girl from the school next door
had returned the monkey. She was
invited to come in and it was found
that she was the daughter of Captain
Carewe and was no longer a pauper
but wealthy. The play ended with
the “Little Princess” telling the Car-
michael children a story.

Capable Training Shown
Every character in the play was
most pleasingly portrayed and
showed much talent and patient
drilling under the able direction of
Pearl Keller. This is the first time
that a play, almost all of the charac-
ters of which were portrayed by chil-
dren, has ever been presented in
Glendale, and it proved to be a com-
plete success.

Between the acts, little Gladys
Michel, a pupil of Mrs. Charles J.
Johnson, who assisted Miss Keller
in the presentation of the play, de-
lighted the audience with some very
clever recitations, including “The
Dear Little Bow-Legged Boy” and
“The Moo Cow Moo.” Gould Moore
talked some songs between the sec-
ond and third act. One very clever
song was “Foolish Questions,” which
was greeted with much applause.

Stage settings and lighting were
all very well arranged and aided
much in making the acting more ef-
fective and pleasing.

KNUCKLE MUST BE STRAIGHT
A bent steering knuckle will
throw the front wheels out of align-
ment. The steering knuckle must
be straightened, as no amount of ad-
justing will improve steering condi-
tions.

MIXTURE CAUSE OF MISSING
The causes of missing are bad mix-
ture, loss of compression and elec-
trical trouble. Test loss of compres-
sion by cranking engine by hand and
noting the resistance of each cylin-
der. If one cylinder has less resist-
ance than the others it must be cor-
rected.

The Corn Exchange

National Bank of Philadelphia
uses this in an “ad”: “The wise
young man figures his earning
power. If he makes \$5,000 a year
he realizes that this is 5 per cent
on a capital of \$100,000.

He then begins to lay his plans
to capitalize himself. He buys in-
surance as fast as possible so that
ultimately the interest on the
principal of such insurance will
equal that of his earning capacity.
In this way he lays his plans to
protect his dependents. Many
men stop there, but the wise man
doubly protects his family by ar-
ranging to have this fund paid out
in income.”

Banks, business men, all right
thinking people, see the great
value in life insurance. THERE
IS NO SUBSTITUTE.

W. B. KIRK

“Provident” Insurance

Locals And Personals

Mrs. J. A. Fischer of 915 South
Brand will leave next Tuesday for
Europe, where she will visit old ac-
quaintances. She will be absent
about six months.

The credit committee of the Cham-
ber of Commerce during the coming
week will send a letter to all of the
business of the city setting forth
the plan of a retail credit association
and inviting them to attend a meet-
ing, Friday evening, May 20, for for-
mal organization.

J. C. Barnett of 631 North Central
avenue has sold his five-room bunga-
low on Pioneer Drive, between Col-
umbus and Central avenues, to Mr.
Wiley, who has been residing at
1124 North Brand boulevard,
through the agency of Burton &
Chandler, 133 South Brand.

Charles A. Phlagg, who has pur-
chased the Walker & Merrick inter-
ests in the Glendale Furniture com-
pany, 606-608 East Broadway, in-
tends moving his family here from
Pasadena as soon as he can find con-
venient quarters. He foresees pros-
perous business in his line here.

The rat is the only wild animal
that lives under the same roof with
man.

One man in every sixty is wholly
or partly color blind.

Of all animals only the polecat and
the porcupine have absolutely no
sense of fear.

SPECIAL FEATURES

AT TABERNACLE FOR SUNDAY

CHURCH AND LODGE WILL BE

“WEIGHING THE CITY”

(Continued from Page 1.)
that he gave his only begotten son
that whosoever believeth on Him
should not perish, but hath overlast-
ing life. Christ paid the debt and
carried your sins—as though you
were the only one—climbed Calvary's
rugged hill. He wore a crown of
thorns that you might wear a crown
of life.

“We have this revelation in his
word, but not this only, for the Holy
spirit is continually writing it upon
our hearts. The spirit knocks at
everyone's heart and everyone has
the call and chance to be saved. Not
only does the spirit call to repent-
ance, to regeneration, to life, but He
is calling the believer to definite
Christian service to a higher grand
experience. And if heeded what won-
derful results follow! Well might
the acts of apostles, the fifth book
of the New Testament, be called the
acts of the Holy spirit.

Cause of Dead Church
“The third fact is an awful one;
it is expressed in the language of the
text. It is that this gracious pres-
ence so necessary to our greatest
happiness and usefulness in this life
and the infallible guide to the life
beyond does not always strive with
man. That his voice, if we persist-
ently refuse its call, will gradually
grow less and less insistent, until at
last we hear it no longer—have no
impulses and desires heavenward.
Not only true out of the church, but
in it. This is the cause of a dead
church.

“Resting at ease while souls are
slipping into hell; only as we have
heard the spirit call can we have
success. To magnify Christ in our
lives, I beseech you tonight in the
church or out to heed his gracious
call; no matter where you are if you
have a desire to know Christ! It is
the call of the Holy spirit. For once
you have crossed this line you are
untouched by any appeal. Like a
vessel on an angry sea without rudder
or compass—drifting; no longer
traceable or usable.

“How may we commit this sin? By
stealing? No! The thief on the
cross was saved! By swearing? No!
Peter swore at one time! By mur-
der? No! St. Paul consented to the
death of the early Christians! By
impunity? No! The woman at the

Apace With the Times

Sam Milner Wants To Know Way to Kill 'Em Without Breaking Law

Here's a “bird” of a story.
Sam Milner, 426 Patterson
avenue, is raising a flock of
chickens.

Blue birds killed six.
He got mad, got a gun and
blazed away.

Neighbors didn't know what
was happening and called the
police.
Chief J. P. Lampert informed
Mr. Milner that it was against
the law to shoot within the city.

Now Mr. Milner will have to
resort to catching the bluebirds
by putting salt on their tail
feathers, maybe.

There are 248 bones in a man's
frame.

well was forgiven by the Christ! It
is by continually spurning the offers
of grace. By treating lightly this
great salvation. Now is the day of
salvation. I believe the Holy spirit
is here this evening and is pointing
out your duty to each and every one
inviting you to come. Fathers,
mothers, children! Are you all in!
Come on tonight!”

Deep interest was manifested in
the after service.

Chautauqua Tickets Are Now On Sale

The Chautauqua guarantors' com-
mittee met at the Chamber of Com-
merce last night with F. I. Drexler,
director. At this meeting the time
for the afternoon and evening ses-
sions were fixed at 3:30 p. m. and
7:30 p. m. It was also decided to
organize at least twenty-five teams
of people who will canvass the city
with tickets. Each team will be as-
signed a district. People are ad-
vised not to wait until the teams are
at work but to secure their tickets
now. Reserved seat tickets are on
sale at Bott's book store. Tickets
can also be secured from any of the
guarantors or from the First Nation-
al bank, or the Brand boulevard
branch of the Los Angeles Trust &
Savings bank.

There are twenty-eight pounds of
blood in the body of the average
man.

The average man requires a ration
of two and five-eighths ounces of fat
a day.

All the germ of indolence wants is
to be let alone. It will work like
yeast.

A silver coin remains in circula-
tion for an average period of twenty-
seven years.

LOCAL LEGION POST OUTLINES PLANS AT GATHERING

ASSESSMENT PROPOSED; SHOW
PROJECT POSTPONED; FORD
DEALER CONTRIBUTES

Outlining a program for the month which will make it costly for members to stay away, the American Legion last night voted to assess all of those present 50 cents if they do not bring an absent member with them next Friday night.

Chaplain James F. McBryde was instructed to secure a speaker, a post commander from Los Angeles if possible, and Commander E. O. Kiefer and Adjutant Harry Bracken expect to be absent attending a Parisian fete given by the South Pasadena Legionnaires in the Women's clubhouse there. All that for Friday, May 13. The usual bi-monthly dance will be given the next night.

A basket social will be the feature of the meeting on May 20. The Ladies' Auxiliary will co-operate in making the affair a pleasant, social event.

To Aid Benefit Performance

On May 25 the Legionnaires will assist in a benefit performance to establish a relief fund for the disabled veterans at Thornycroft which will be in the Legion's care.

Production of a minstrel show by the Legion was postponed by action of a majority present last night.

Jesse E. Smith, who happened to be there, was asked to contribute 1 cent for every Ford he sold last month for the benefit of the sick fund. He did just five times better than requested and gave 5 cents for every car which amounted to more than \$5.

The Glendale Ministerial association requests The Evening News to publish the following addressed to the trustees of the Union high school district:

"Board of Trustees, Glendale Union High School, Glendale, Calif.:
"Dear Fellow Citizens—You will pardon us for addressing you concerning matters pertaining to our Union high school, but owing to important matters coming to our attention, we have gotten together and unanimously adopted the following resolutions:

"Whereas, we, the members of the Glendale Ministerial association view with alarm the practice of dancing in the high school buildings, and

"Whereas, it must be known to you that many schools in Southern California have prohibited promiscuous dancing in school buildings and on school grounds (Pasadena being a notable example), and

"Whereas, we believe the school board stands for the highest type of morals, and

"Whereas, we are convinced that there is considerable public sentiment as touching this matter which was manifest at the recent election,

"Therefore, be it resolved, that we request the school board of the Glendale Union high school that they take the matter under advisement with a view to its immediate discontinuance.

"Whereas, there is an evident desire on the part of our citizens for open meetings with the school board, at which times citizens may discuss matters pertaining to the best interests of our Union high school, and believing this would be in harmony with the true democratic spirit which should always be manifest between the people and their servants whom they have elected,

"Be it resolved, that we request the school board to hold meetings which will be open to the public in which matters of interest in connection with our schools may be discussed.

"Be it further resolved, that copies of these resolutions be sent to the school board and to the local papers for publication.

"V. Hunter Brink, Central Avenue Methodist church.

"Rev. W. W. Cookman, Methodist church.

Members Glendale Ministerial association, May 7, 1921."

Mr. and Mrs. S. Wood Located In Glendale

Among the recent Glendale arrivals are Mr. and Mrs. S. A. Wood, who hail from Long Beach. Mr. and Mrs. Wood have been residents of Long Beach for a number of years, during the last two of which they have conducted a large goat ranch. They brought twelve of their goats to this city, and these, together with those of his newly made partner, Michael Werner, make up quite a herd.

The Woods are staying at the home of Mr. Werner, at the east end of Chestnut street, where they will attempt to establish a goat milk products dairy in the near future.

Girl Ushers Popular, Say Theatre Managers

BUFFALO, N. Y.—Pretty girls have permanently displaced men as ushers in theatres throughout the eastern part of the United States. Theatre managers say that the lady ushers are efficient and courteous, while the men are inferior in courtesy and diplomacy.

Managers state that the girls can be depended on in case of fire or any other emergency. A word of admonition from a girl will generally bring instant action. When a young man usher makes a request, it is a different story.

Notice Inviting Sealed Proposals

Pursuant to the provisions of the Improvement Act of 1911 and Resolution No. 1187 of the Board of Trustees of the City of Glendale, California, adopted the 5th day of May, 1921, directing this Notice, the undersigned invites and will receive at his office in the City Hall up to 8:00 p. m. of Thursday, the 19th day of May, 1921, Sealed proposals or bids for the following Improvement to be done according to plans and specifications adopted for said work, posted and on file to-wit:

First: That Arden Avenue between the westerly curb line of Central Avenue and the easterly curb line of Pacific Avenue, including all intersections of streets and alleys, except where said curbs have already been constructed to official line and grade and are in good condition. Said curbs shall be constructed in accordance with plans and cross-section No. 386, Profile No. 745, and in accordance with Specifications for said work adopted by Resolution No. 1139 of the Board of Trustees of the City of Glendale and known as Specifications No. 31.

Second: That a cement sidewalk of the width of five (5) feet be constructed along each side of Arden Avenue from the westerly curb line of Central Avenue to the easterly curb line of Pacific Avenue, except where sidewalk is already constructed to the official line and grade and is in good condition. Said work to be done in accordance with plans and cross-sections No. 386, Profile No. 745, and Specifications for said work adopted by Resolution No. 1139 of the Board of Trustees of the City of Glendale and known as Specifications No. 31.

Third: That a cement curb of the class designated as Class "B" in the hereinafter referred to Specifications be constructed along each side of the roadway of Arden Avenue from the westerly curb line of Central Avenue to the easterly curb line of Pacific Avenue, including all returns of all intersecting streets and alleys, except where said curbs have already been constructed to official line and grade and are in good condition. Said curbs shall be constructed in accordance with plans and cross-section No. 386, Profile No. 745, and Specifications for said work adopted by Resolution No. 1139 of the Board of Trustees of the City of Glendale and known as Specifications No. 31.

Fourth: That all the roadway of Arden Avenue between curb lines from the westerly curb line of Central Avenue to the easterly curb line of Pacific Avenue, including all intersections of streets and alleys be oiled and surfaced in accordance with plans and cross-section No. 386, Profile No. 745, and Specifications for said work adopted by Resolution No. 1126 of the Board of Trustees of the City of Glendale and known as Specifications No. 34.

That said contemplated work or improvement in the opinion of said Board of Trustees is of more than local or ordinary public benefit and will effect and benefit the lands and district hereinafter described and said Board of Trustees hereby declares that the district in said City of Glendale benefited by said work or improvement and to be assessed to pay the costs and expenses thereof is all that portion of said city included within the following exterior boundary lines, to-wit:

Beginning at a point on the westerly line of Central Avenue one hundred and sixty-three and thirty-two hundredths (163.32) feet northwesterly from the northerly line of Arden Avenue; thence westerly in a direct line parallel with the northerly line of Arden Avenue to the easterly line of Columbus Avenue; thence westerly in a direct line across Columbus Avenue to a point on the westerly line of Columbus Avenue one hundred and sixty-three and thirty-two hundredths (163.32) feet northwesterly from the northerly line of Arden Avenue; thence westerly in a direct line to a point on the easterly line of Pacific Avenue one hundred thirty and fifty hundredths (130.50) feet northwesterly from the northerly line of Arden Avenue; thence southerly along the easterly line of Pacific Avenue to the northeast corner of Arden and Pacific Avenues; thence in a direct line across Arden Avenue to the southeast corner of Arden Avenue and Pacific Avenue; thence southerly along the easterly line of Pacific Avenue one hundred and sixty-six (166) feet; thence easterly parallel with the southerly line of Arden Avenue to the westerly line of Arden Avenue; thence easterly along the westerly line of Central Avenue to the point of beginning, excepting therefrom any portion of any public street or alley which may be included in the above described district. Reference

is hereby made to Map No. 387 in which the assessment district referred to is shown within Red colored bordered lines.

The Board of Trustees of the City of Glendale determines that serial bonds shall be issued to represent assessments of Twenty-five (\$25.00) Dollars or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January, every year after their date until the whole is paid; and the interest shall be payable semi-annually by coupon on the second days of January and July respectively of each year, at the rate of seven per cent per annum on all sums unpaid until the whole of said principal and interest are paid. All of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California designated as the "Improvement Act of 1911," approved April 7, 1911, and amendments thereto.

Reference is hereby made to Resolution of Intention No. 1140, passed by the Board of Trustees of said City for further particulars of said work.

Bidders must file with each proposal or bid a check payable to the City of Glendale, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal or a bond for said amount and so payable, signed by the bidder and two sureties, who shall justify before any officer competent to administer oaths, for double the said amount and over and above all statutory exemptions.

In bidding use blanks which will be furnished by the City Clerk upon application.

Dated, May 6th, 1921.
J. C. SHERER,
City Clerk of the
City of Glendale

CERRITOS SCHOOL'S CLEAN LIVING WINS LITTLE FOLK IN FINE PROGRAM

MAY DAY EVENTS PLEASE BIG
CROWD; NEW OFFICERS FOR
P. T. A. ARE ELECTED

The Cerritos Avenue Parent-Teacher association held its regular meeting Thursday afternoon at the school building. In spite of the threatening weather there was a record attendance. The assembly room was crowded to its limit and many mothers stood in the hall. The occasion was a special May time program given by some of the children of the school.

The little tots of the kindergarten and first grade gave a delightful May pole dance, which was followed by the "Living Song," beautifully sung by the children of the second grade. Selections from "Hiawatha" were very well rendered by children of the third grade, who also presented a little sketch called "Three Little Lads at School."

Visit from Mother Goose
Some of the fourth grade pupils entertained the audience with a dainty little flower playlet, entitled "The Seasons."

"A Visit from Mother Goose" was the title of a little play put on by grade six, in which about twenty children took part. The children were in costume and their funny antics kept the audience in laughter most of the time. Mother Goose's children were all there, including Boy Blue, Bo-Peep, Tommy Tucker, Mary Quite Contrary and all the rest.

Elsie Whitney, an eighth grade girl, gave a reading depicting the serious and the humorous side of "mother's" characters. The selection was very well given and showed plainly the talent possessed by this young lady.

All of the children who took part in the program are to be congratulated on the excellent manner in which they presented their sketches. A great deal of credit also belongs to the teachers who planned the entertainment and were responsible for the success of the afternoon.

New Officers Chosen

At the conclusion of the program the annual election of officers took place, which resulted as follows: Mrs. E. L. Adams, president; Mrs. A. P. Biggs, vice-president; Mrs. J. P. Prault, secretary; Mrs. S. C. Maronville, treasurer; Miss Vesta D. Bigelow, historian.

Mrs. J. C. Danford, of the public library, talked to the mothers on "Books for Children to Read." Mrs. Danford stated that she never refused an invitation to talk to the mothers of Glendale for she felt that she was working along the same lines as they were and that she considered herself their supplement. She also spoke of the wonderful opportunity a librarian has, through directing a child's reading, to help mould his life and to keep his thoughts on what is finest and best.

Mrs. Danford spoke of the splendid work being done by the Mothers' Reading Circles in Glendale and commented on the fine spirit of helpfulness which pervades these meetings.

Mrs. E. B. Moore, the president, announced that on May 20 a festival is to be held by the Glendale Federation of Parent-Teacher associations on the grounds at the home of Mrs. John Robert White, Orange street and Lexington Drive. Each school in Glendale will have its share to do in furnishing the program. There will also be booths at the festival for the sale of fancy work, candy and ice-cream.

A social hour followed the business meeting, during which punch and cookies were served.

The Chinese claim to have invented swords 4000 years ago.

SUCCESS IN LIFE, YOUTHS TOLD

GLENDALE H-Y BOYS PRESENT
AT COUNTY Y. M. C. A. MEET
HELD AT ALHAMBRA

The Glendale H-Y groups attended a supper and get-together of all the H-Y groups under the Los Angeles County Y. M. C. A. supervision at Alhambra Thursday night. Each group told what they had accomplished during the year. George Jordon of Glendale spoke on the things that the Glendale H-Y groups stood for, one of which was the problem of the betterment of morals of the student body, and in particular that the groups are doing all they can to eliminate profanity.

Clarence Hall of Glendale gave a very short talk, mentioning the high spots of the year's work, and told of some of the important things which had been accomplished during the year.

Professor Leinberger gave an exhibition of strength and physical culture training, and showed how this was only possible through clean living, emphasizing especially the harm of tobacco.

Charles Paddock Speaks

The main speaker of the evening was Charles Paddock of the University of Southern California, who recently broke several world's records for fast running. He completely captivated the boys with his bashful, unassuming manner and spoke on "Satisfaction of Achievements." He told of the man who had won the half-mile race at the last athletic meet at Pasadena, mentioning the fact that this man was addicted to the habit of smoking cigarettes and told of the race this man ran in the Olympic meet in Belgium and how he lost the race because he lacked the "stiktioativeness," that extra burst of strength, that smoking had taken away from him.

Paddock also told that athletes realized the price they were paying by not being able to give their best efforts. He stated further that no one can expect to go up against good competition and win if he does not train and let smoking and dissipation alone. He closed his talk by stating that the reward that the successful athlete receives was in knowing that he had given the best that was in him.

Those from Glendale

Glendale H-Y members who attended the Alhambra meeting included Wilbur Johns, Stanley Walker, Tom McNary, Maynard Toll, George Jordon, Marion Morrison, Jack Clark, Philip Henderson, Lyle Archer, Robert Elliott, Sam Tupper, Charles Thompson, Dana Dyer, Clarence Hall, Lee Payne, Jack Wright, Fred Stofft, Laufman Jeter, Cecil Wilson, Theodore Haig, Neale McVerry, Rex C. Kelley, local Y. M. C. A. secretary; and the three leaders of the Glendale H-Y groups: G. Edwin Murphy, Everett Anderson and Harry Marple.

Miss Lyndall Haven Honored On Birthday

Mr. and Mrs. Bert Haven of 409 Salem street entertained Thursday night with a party in celebration of the twentieth birthday anniversary of their daughter, Miss Lyndall Haven. Guests present included Mr. and Mrs. Sprinkle, Miss Luch Welch, Miss Helen Welch, Edwin Stivers, John Phillips, Pearl Hunsberger, Miss Lyndall Haven and Mr. and Mrs. Bert Haven. The evening was spent in dancing, games, and singing. Refreshments of waters, ice cream and cake were served.

The cauliflower, first cultivated by the Greeks and Romans, is the aristocrat of the kale and cabbage family.

This Boy Knows--Do You?

This boy has **THE BOOK OF KNOWLEDGE** in his home. He can explain to you interestingly and correctly all the familiar things which he sees around him. His teacher will tell you that when she wants a quick and intelligent answer from her class, this boy always answers first. He understands many subjects of interest in the papers and magazines and in the conversation of his elders. **He has made "a long start in the race for knowledge."**

Answers Every Question a Child Can Ask--

Why is ice slippery?
Why is the sea never still?
Can a plant see?
What are eyebrows for?
Why does milk turn sour?
Why is snow white?
Do the stars really twinkle?
What makes the color of the sunset?
What makes knots in wood?
What makes an echo?
Why are tears salt?
Why is it warm in summer?
What is camouflage?

CURIOSITY--The Great Teacher

CURIOSITY is the beginning of all knowledge. Do you know any subject about which your child has not asked you a dozen questions? Let him ask as many as he likes, and be sure to answer them correctly. That is the parents' most important and most easily neglected duty. If you discourage your child's curiosity you will injure his mind, and the bright boy or girl becomes stupid or indifferent. **Through curiosity Columbus discovered America.** THE BOOK OF KNOWLEDGE is the simplest and most natural method of helping the child to educate himself. IT ANSWERS EVERY QUESTION A CHILD CAN ASK IN PLAIN AND SIMPLE LANGUAGE. So captivating is this great original work to the mind of a child that he absorbs with little effort the profound truths and great facts of the world of knowledge, while reading its delightful pages and looking at the thousands of striking educational pictures.

YOUR CHILD IS UNIQUE

Your child is like no other child in the world. He has his own peculiar taste and need for both physical and mental food. If you put a meal before him and let him choose what agrees with him best, he will thrive. THE BOOK OF KNOWLEDGE is the right kind of nourishing food for the child's mind during the growing years. Give your child this remarkable, original work, and watch carefully which of the sixteen great departments interests him most, NATURE, SCIENCE, HISTORY, BIOGRAPHY, ASTRONOMY, PHYSIOLOGY, ART, LITERATURE, POETRY, OR MANUAL TRAINING. It will prove THE KEY to his natural bent, and the kind of work or profession in which he will most easily succeed.

YOUR CHILD'S CHANCE

In round numbers, what is your child's chance to become successful? If uneducated, he has one chance out of 150,000; with a common school education, four chances; with a high school education, eighty-seven chances; with a college education, 800 chances; WITH THE BOOK OF KNOWLEDGE in the home, every chance. It is not a luxury, it is an absolute necessity. It is an INVESTMENT in your child's future which will pay dividends as long as he lives. In over 800,000 homes today the children are being educated with THE BOOK OF KNOWLEDGE. Give your child his chance to compete with them.

If You Have Children of School Age Mail This COUPON for FREE BOOK

GLENDALE EVENING NEWS READERS MAY OBTAIN FREE OF CHARGE the valuable and attractive illustrated book of specimen pages from THE BOOK OF KNOWLEDGE. H. G. Wittler Finds Rabbits Round Perris

H. G. Wittler of 1009 East Lomita avenue has a tip for those who would hunt the elusive jackrabbit. He went to Perris, Riverside county, over the last week-end and found that hunting is good there. In one hour's time he shot eighteen and declares that they are excellent eating.

Confirmation Is Given To Big Theatre Deal

Confirmation of the gigantic theatrical transaction by which Turner and Dahnken, who operate the T. & D. houses in the northern part of the state, come into possession of nine Southern California photoplay palaces, including the Palace Grand here, was made by C. L. Langley, southern representative of the firm, who is stopping in Venice.

It is understood that the local house is being leased by Henry Jensen, who also has sold the leases on the New Raymond and Pasadena theatres in the Crown City.

RADIOS ON "COP CARS"
Motor patrol cars in St. Louis are equipped with radio telephones by the police department. One officer constantly wears a head receiver, by which means new orders or additional information can be given to the squad at any time within a range of forty miles.

It should help to relieve a lot of pessimism if one could raise vegetables like those shown in the seed catalogues.

M. Pastroni Is Freed Of Charge At Hearing

M. Pastroni, who resides on the San Fernando road between Glendale and Burbank, was freed by Justice of the Peace Harry M. Miller after a hearing here Thursday in which it was alleged the defendant sold liquor to minors. He was represented by Andreani & Haines, who pleaded a lack of evidence on the part of the district attorney's office. Walter W. Pigg, Tom F. Lyon and James Hamilton were witnesses.

Impressive Service Is Held For Miss Lindsey

In Trinity Methodist church, Los Angeles, yesterday afternoon impressive funeral services were held for Miss Eugenia Lindsey, daughter of Mr. and Mrs. William A. Lindsey of 426 South Manhattan place, who was killed in an auto-train crash at Los Feliz and Brand boulevards here last Monday morning. The Rev. Robert Shuler officiated.

GASOLINE CRACKS LEATHER
Don't use gasoline to clean leather unless you want to crack it. Plain water with a few drops of ammonia will remove the dirt, after which the upholstery should be rubbed briskly with a soft cloth. An excellent leather dressing is made by combining two parts of linseed oil to one of turpentine.

President Harding was fifty-six years of age when elected in November of last year.

The Municipal Council in Paris has suggested "Thank you ma'ams" at street crossings, which will compel automobiles to slow down or break their springs. Automobile owners, however, are formulating a protest against this scheme, declaring that the streets of Paris are no more dangerous for pedestrians than are those of New York or London.

Many To Hear Call Of The Open Road

With the late May rains making the mountains more beautiful than usual this year, the call of the open road will lead hundreds to the hills in their motor cars.

Already the call is being heard by every dealer in motor cars here and many persons are considering an investment the one durable means of pleasure—an automobile.

Demonstrations such days as these are convincing.

It is a pleasure to go riding in that motor car for which you have longed, look into the open valleys from a mountain pass, glide around green hills, pass through sweet scented orchards and listen to the purr of the powerful motors.

That irresistible lure is answered only when you have a car of your own.

The Glendale dealers are always glad to demonstrate.

Go with them this coming week.

Mill Creek Control To Keep Down Crashes

The control of the Mill Creek road has been established and for seven months or so no automobile will go over the road into Big Bear Valley except through the control, which opens at certain times of the day.

The control hours are to start at 2 o'clock in the morning, and then every three hours, thus falling on 2, 5, 8, 11, 2, 5, 8 and 11 o'clock. This is for the up traffic. The down controls start at 3:30 o'clock in the morning, and are 3:30, 6:30, 9:30, 12:30, 3:30, 6:30, 9:30 and 12:30 o'clock. The up control is at Harvard and the down control at the Santa Ana river.

The control is maintained in order that all the traffic will move one way on the road. Those passing through the control are required to make it in a certain length of time or get off the road.

The traffic is expected to be heavier than ever this year, and plans have been made to do more work on the road and keep it in better shape.

DODGE CARS GIVEN APPROVAL OF U. S. LAND OFFICE

DECIDES TO STANDARDIZE ON MODEL AFTER NUMBER OF TESTS ARE CONDUCTED

A long series of practical tests, in which cars of almost every make and description were used, brought the United States general land office face to face with facts that left room for only one decision. That decision was to standardize on Dodge Brothers motor cars. The land office already has thirty-four Dodge Brothers cars in operation, having begun this standardization a number of months ago. Seventeen of the thirty-four are business cars and the others are special jobs used for heavier hauling. In the future, however, to quote from a letter written by Frank M. Johnson, supervisor of surveys, "the tendency will be toward the purchase of the light capacity one-half ton business car."

Mr. Johnson relates an interesting story of the transportation problems encountered by the land office. He is head of the field work for the department of the interior, and his territory covers the entire United States.

Light but Powerful
There are thirteen branch offices, most of them in the west, as the chief duty of the office is the surveying of public lands. Today most of this work takes the surveyors into the roughest and most sparsely settled sections, principally deserts and mountains. Originally they used wagons and four-mule teams; but as these become incapacitated, they are supplanted by motor equipment.

And as the present motor equipment ceases to give satisfactory service, it is being supplanted by Dodge Brothers cars. As the work progresses the territories visited by the surveyors become rougher and it is necessary to abandon the heavy equipment in favor of light but powerful and thoroughly reliable cars.

George E. Clayton is the Glendale agent for the Dodge car and he states the experience of the land office is but one of many reported by Dodge car owners.

Glendale Man Makes Fast Time In Auto

In speaking of record automobile runs Arville Williams, who returned to Glendale Thursday after a year's absence, believes that he has just established an enviable mark traveling the distance between Cincinnati and this city. Mr. Williams, who was accompanied by Jesse and Byron Powell, claims that he made the entire trip from the Ohio city to Glendale in eleven days, driving his big National car. This is, indeed, exceptionally fast time, being just a little more than twice the length of time taken by trains to traverse the same distance.

Mr. Williams plans to once more make his home in Glendale, and is staying at the home of his parents, Mr. and Mrs. A. G. Williams, of West Stocker street.

Playful Ford Causes Plenty Excitement

Dudley Pigg, son of F. W. Pigg, contractor, on Thursday evening was driving south on Central avenue when his Ford machine blew a rear tire. On account of the severeness of the storm, however, he did not change tires at the time, but returned early Friday morning for the car.

After making the necessary tire change Pigg inserted the key, stepped on the starter and—but Lizzie was contrary and refused to have her wheels turned in any but one direction. Said Lizzie then proceeded to play "ring around Rosie" with a tree on the lawn of J. Psenner, of 218 North Central avenue.

After climbing the curb and circling the tree twice it was finally brought to a halt, but not until after an axle and a wheel had been badly caved in.

Spencer Robinson Is Proud Of His Auto

Spencer Robinson, city trustee, remarked the other day that he is a lover of baseball and he hoped some day to see a regular ball team in Glendale. He does not care to drive to Los Angeles to see a game on account of the traffic congestion, but would rather drive his newly-painted car in Glendale and receive the compliments of his friends on its rich finish in three shades of brown.

Mr. Robinson also believes that other business men of Glendale whose cars are in need of painting would greatly benefit by calling on J. K. Todd who is the proprietor of the shop at 130 South Glendale avenue, doing the highest grade top building and auto painting.

One Honest Man

For Sale: 1917 Ford. This car's valves need grinding, and carbon knocked out. Top, horn, tires poor, needs painting. Otherwise car is in good condition. Price \$300. Reason for selling, think it would be cheaper to buy a new car at the present price. A. J. Pepin, county clerk's office. Escanaba, Mich., Press.

MAIN HIGHWAYS TO BE MARKED WITH METAL SIGNS

EXTENSIVE CAMPAIGN IS NOW UNDER WAY BY DIRECTION OF AUTOMOBILE CLUB

Extensive sign-posting improvements and extensions for highways of the west have been completed by the Automobile Club of Southern California, according to an official announcement just made.

One of the most important new departures will be the complete marking of all main routes in and out of cities in the southern part of California. That is, main highways will not only be sign-posted up to the city limits but will be carried on through the city itself. Motorists living in the city or visiting there will thus be aided in finding their way out to nearby resorts.

According to the latest official tabulation the automobile club has erected and is now maintaining 73,894 metal enameled road signs; these comprise the most elaborate sign-posting system in the world.

Roads in Inyo and Mono counties are now marked and ready for motorists from this section who care to visit in that vicinity. As a result of this sign-posting, work the supervisors of Inyo county are rapidly improving many of the worst short distance stretches of road there.

Signs to Save Lives
Work of erecting 1220 signs in Death valley and vicinity was completed by the club yesterday. These signs will prove life-savers in preventing motorists from getting lost on the desert, in pointing out roads to be used in wet and dry weather and in indicating the nearest water well to the bad places.

Actual sign-posting of Tulare and Kern counties is to start at once, say club officials. The club plans to carry on the sign-posting and revised sign-posting of tributary routes leading to southern California along with the resign-posting of individual counties in this part of the state.

An entirely new style of sign is to be adopted by the club for special use at railroad crossings and on dangerous curves. These signs will be far in advance of anything of the kind so far used in America.

Atomizer Is Handy Instrument In Garage

An atomizer is a handy instrument to have around the garage, as it will spray any light liquid such as gasoline, kerosene, water, or sewing machine oil. It can be used to spray kerosene on any rusted nut or bolt, to clean the inside of a spark plug with gasoline, to spray carbon remover on the interior of the combustion chamber, being in the last case inserted into the spark plug hole. It may also be filled with vinegar to spray the celluloid windows of top curtains—a procedure which when followed by a vigorous rubbing will do much toward restoring the original clearness of the windows. If used upside down this general-purpose atomizer will spray a fine stream of liquid, and can be used advantageously on windshields when the liquid used is a mist preventive. The atomizer may be bought at any drug store for about a dollar, and it is a great time saver in many ways other than those mentioned.

New Mark Is Sought By Local Ford Agency

In the April sales report of the local Ford agency Jesse Smith announced that his six salesmen went over their goal of a hundred by four machines, which is a new record for Glendale. Now their ambition is to exceed the present mark by twenty-five. In addition to the above number of new machines sold a total of forty-three used cars were disposed of.

WISCONSIN IS IN LEAD

With a total of 141 miles of average road width, Wisconsin leads all other states in the Union in the amount of concrete roads, streets and alleys for which contracts were awarded during the first three months of 1921. New York ranks second with 120 miles and Indiana third with 58 miles.

MADE ONE OUT OF FIVE
Joseph Cohen, a chauffeur, who was recently committed for trial in London, for stealing an automobile, was alleged to have in his possession, when arrested a care made up of five different motor cars.

Touring Information To Be Given Public

With the coming of May 1, the touring bureau of the Automobile Club of Southern California announces that it is prepared to handle a rush for touring information which is expected to exceed all past records.

For the first time in history complete road information will be available through the club for summer tours throughout the southern part of the United States. This information was gathered first hand by club scouts recently.

Present indications show that motorists are starting on long trips from this part of the state earlier than ever before, which, according to past experience, indicates that summer vacation trips by auto will reach unprecedented proportions.

Motorists who wish information covering Washington and Oregon and the northern part of California will also get special service on this from the club touring bureau, according to an official announcement.

AUTO PLATES FOR LUCK

In the central part of the Turkish Empire automobile license plates of American origin are hung over doorways of the homes. The people believe the "mystic signs" will bring them good luck.

About Blowouts

"Here, waitress! This doughnut has a tack in it."
"Well, I declare! I'll bet the ambitious little thing thinks it is a flivver tire."

Dodge Service Station Ready For All Demands

With spring here and the motorists hankering for the "open road," the Dodge Service station at 111 West Harvard street is preparing for the rush of repair work which accompanies such a disposition on the part of people to have their cars overhauled at once. A full line of Dodge parts is being installed in a brand new parts department as an auxiliary to general repairing, tow service and acetylene welding work now done by the Dodge service mechanics.

DEMAND MONTHLY REPORTS

All dealers of used motor cars in Massachusetts are required by law to make monthly reports of all cars bought and sold and all owners of cars who desire to sell them must first file notice of such intention and every purchaser of a used car must make application for registration of his car.

Autos Will Race To Pike's Peak Sept. 1

COLORADO SPRINGS, Colo.—The automobile races on Pike's Peak for prizes aggregating \$4100 will be held September 5 this year, it has been officially announced. Included in the prizes is the \$2000 Penrose cup, donated by Spencer Penrose, Colorado millionaire. The cup is of silver and gold and is 43 inches high. Cash prizes in addition total \$2100.

The races this year will be over the same course as those of last year, from Crystal Creek bridge to the summit of the peak, about 12 miles. The events will be held under the rules of the American Automobile association. Entries must be made not later than August 8.

At the same time of the Pike's Peak races the Colorado Sports Carnival will be staged here. Some of the events are airplane races to Denver, after the ships have circled Pike's Peak, and a polo tournament. Crack teams from Chicago, Kansas City, Wichita Falls, Tex., and other cities will compete in the latter.

N. J. MINIMUM FEE IS \$4

In New Jersey, the minimum fee for an automobile of ten-horsepower or less is \$4. The fees for trucks are based upon capacity; the smallest fee is \$10 for trucks carrying 100 pounds or less.

STUDEBAKER PLANT LABOR TURNOVER MUCH REDUCED

PROFIT SHARING PLAN WINS
MEN TO GREATER EFFORT.
OFFICIALS ANNOUNCE

Labor turnover with the Studebaker corporation for the first three months of this year was 61.6 per cent as against a percentage of 269.9 for the year of 1920, according to an announcement reaching the Packer Auto company here yesterday.

No small credit for this extraordinary reduction is believed to be due to the functioning of the company's unique and complete co-operative plans as instituted in all the plants during the summer of 1919.

Concrete evidence of the satisfactory working out of the system is furnished by the fact that Studebaker body painters and trimmers, working in the Detroit plants, refused to join a strike of their union in that city.

Essential to Profits

They realized the continuity of service is one thing essential to their sharing in the co-operative benefits and were unwilling to sacrifice their status on the records of the co-operative department.

Prevailing wages have been paid at all times in addition to the co-operative benefits, it is stated by A. R. Erskine who hopes to see the day when each and every employee will own stock in the Studebaker corporation for it assures a better quality of workmanship as well as stable labor conditions under which the peak of quality and quantity production may be reached.

Gets seasick	He's back
Feeds fishes	At boathouse
Quits boat	"Never Again"
	He says.

Keeping Car Springs Supplied With Oil

A simple means of keeping car springs supplied with lubricant may be devised from a small copper tube and part of a roll of electrician's tape. Bend an elbow in one end of a copper tube eight or ten inches long, and flatten the rest of the tube so that it will fit snugly against the side of the spring. Drill holes in the pipe at short intervals and then tape it securely to the spring. Thereafter the leaves may be kept lubricated by pouring oil periodically into the tube. The device has the objection, however, that the tape will wear from spring flexion and must be renewed occasionally.

Urges Fees Be Used For Road Improving

Resolutions urging the expenditure of all moneys collected from automobilists entering the Yosemite valley upon the roads in the National park, have been passed by both houses of the state legislature and forwarded to California representatives in congress.

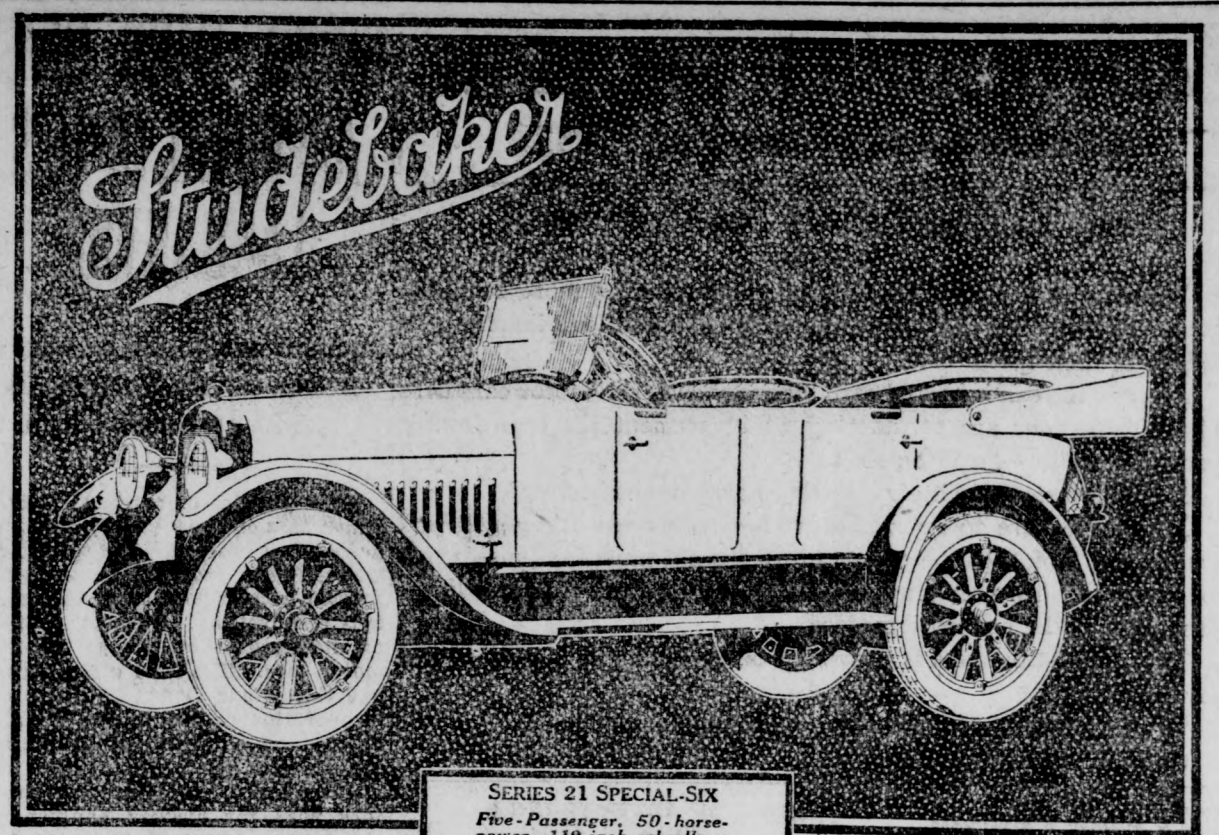

In lieu of placing the money collected in \$5 fees from tourists in the National Parks General fund it is recommended that funds thus collected be used on Yosemite valley roads.

Should Drain Vacuum Tank Once Each Week

At the bottom of the vacuum tanks, which are now used on so many cars to secure proper fuel feed, there is located a drain cock. Many owners seem to think this is some sort of an ornament, but it should be opened at intervals, once a week or so. Generally a little water and possibly some rust will flow out before gasoline begins to come. In many cases it will be necessary to insert a bit of wire to clean out the drain cock of an accumulation of foreign matter. If this latter is permitted to remain long enough it will work its way back into the carburetor and make trouble.

NO PERSONAL PROPERTY TAX

In Alabama, Delaware, Idaho, Iowa, Michigan, New Hampshire, New York, North Dakota, Oklahoma, Oregon, South Carolina, Pennsylvania, Tennessee and Vermont, the registration fees of motor vehicles are in lieu of all personal property taxes thereon.

Nov. 28, 1895, Date Of First U. S. Auto Race

The first automobile race held in the United States took place at Chicago on November 28, 1895, and was won by the Duryea motor wagon.

It is worthy of record that the winning car was equipped with pneumatic tires—not bicycle tires on wire wheels, but specially constructed automobile tires on wooden wheels.

The tires were made by the Hartford Rubber Works company, which is now one of the tire factories of the United States Rubber company.

RATIOS AND TRAILERS

When the truck operator purposes using trailer equipment he will find that the motor truck manufacturer generally offers an option in gear ratios. In this case it is advisable to select the lower ratio for use with the trailers. A greater weight can be handled with a lower ratio. This, of course, applies when total tonnage rather than speed in delivery is the principal consideration.

California Is Fourth In Auto Registration

Late automobile registration figures show that California now ranks fourth among the states of the union in number of cars registered. Within the confines of the state, 568,759 cars are rolling over the boulevards, desert trails and mountain roads.

New York tops the list with 651,796. Ohio is second with 616,800. Pennsylvania is holding third place with 570,164—only 1272 more than California.

During the last year, 1,750,000 new cars were completed and ushered into service.

MISSING ENGINE

Jerky action of the engine, sometimes accompanied by muffler explosions, indicates that the engine is missing explosions. This means that one or more cylinders fail to fire and that the unburned gas passes out into the muffler, where it is fired by the flame from the next cylinder that fires. This gives irregular, jerky action that is very disagreeable.

Old And New Cars To Enter Reliability Run

The first annual run of the Motor Car Dealers' association to Bear Valley, which is to be held May 28, 29 and 30, is to be staged on a scale that will make southern California motorists sit up and take particular notice, if the committee in charge of the coming event knows anything about it.

Its members, Harris M. Hanshue, Louis M. Foulke and T. P. Tupman, held three meetings last week to consider plans, formulate rules and generally make arrangements for the most successful affair of its kind ever held in this neck of the woods. Fred S. Albertson, president of the organization, attended one of the meetings and assured the committee of his hearty co-operation.

As a result of these meetings it has been definitely decided to hold a reliability drivers' contest under the auspices of the A. A. A., with the contesting members of the association divided into two teams. One team will represent those cars of the oldest manufacture and the other those of a later date. All of which is bound to create the most intense rivalry.

There will be a captain named for each team and the winner will be the one with the least number of penalizing points. There will also be prizes for the best individual driving. It is further intended that there shall be a program of sports and events in Bear Valley, some of them decidedly original, for which prizes will be offered by the dealers' live wire organization, according to tentative plans.

As now outlined the contesting cars will start from Exposition park, Los Angeles, and make the first leg of the journey to the famed resort by way of Victorville, which will be the noon control. Sunday will be given over to sports in the big pine country. The last leg will be over the Rim of the World road and the finish at Exposition park Monday afternoon.

OPERATED WITH BATTERY

It is possible under certain conditions to keep a car that uses a battery ignition running without the use of the battery. This is when the battery system employs a generator to feed a load after a certain engine speed has been reached, while the battery is called upon for speed of less than 15 miles or so. If this battery is out of commission it is impossible to get the car started in the ordinary way but if the vehicle is towed or otherwise gotten into motion it can be kept going. Obviously the starter is out of commission and the speed of the car must be kept pretty well up, but in emergencies this dodge is worth remembering.

E. B. SUTTON STATES RECORDS BY NASH GAIN PRAISE

POINTS OUT TESTS SHOW CAR
IS DEPENDABLE AND HAS
POWER IN EMERGENCY

E. B. Sutton of the Glendale Nash Sales company continues to hear many favorable comments on the double-barreled record from Los Angeles to Bishop and return established by the Nash Six.

The distance from Los Angeles to Bishop is 283 miles. The Nash made it in 7 hours, 22 minutes and 11 seconds.

The round trip from Los Angeles to Bishop is 566 miles. The Nash made it in 15 hours, 11 minutes and 11 seconds.

The former record for the trip to Bishop was cut 46 minutes and 49 seconds by the Nash.

"The Nash is not a racing car," explained Mr. Sutton. "The records made were not race records. They are performance records. They were made by a stock car. Yes, the same car that made the round trip record to Phoenix."

No Sign of Trouble

"The records made by the Nash are not so important from the standpoint of time as they are from the standpoint of work done and the manner in which the roads were covered. There was no engine trouble; no bother of any kind experienced. The car was not 'pepped.' Any careful driver can duplicate the performance."

"Therefore, I maintain it is good to know that a car is so constructed that it can stand such speed and make such records over any kind of roads if necessary is a good car to own. Experience shows that the Nash is the best suited to motoring needs—it is dependable and it has the power to meet the emergency."

Herman Psenner Gets His First Kick Out Of Battery Business

Herman Psenner is an auto electrician and a member of the firm of Psenner-Doll Electric company, 610 East Broadway.

He is carrying his right arm around in a sling.

As you may imagine, he was cranking a car in which the battery had stalled when he "got it."

"It's the first kick we've had since going into business," he said laconically, as the doctor was setting the injured bones.

Amendment Is Made In Motor Vehicle Measure

Publication of the announcement that Governor Stephens had signed Senator Rominger's bill amending Section 15 of the State Highway Act relating to motor vehicles, developed the fact that the amendment, which changed the method of determining the weight upon the highway of a vehicle and its load, was the only change in the Motor Vehicle Act provided by the last Legislature.

Under the law as amended, it was stated today, weight of a load, which shall include the vehicle and its cargo, must not exceed 700 pounds an inch of the channel base width of the tire. The old law prohibited an excess of 800 pounds per inch of tire in actual contact with the highway. Wearing down of tires, it was contended, made this method of determining a load unsatisfactory.

The law made no change as to the metal tires or wheels except to limit the weight of such vehicles to 500 pounds per inch of the channel base width of the tire.

HANDY TOOL SET

An admirable tool set was recently designed by an ingenious motorist. This consists of eleven tools and an adjustable handle to be used with all the weapons. This handle has a wind nut on the side so as to hold firmly the particular tool being used. The set comprises three carbon scrapers, one small mirror for inspections, one rod for testing electrical connections, a hook for removing cotter pins, a knife blade for cutting and cleaning electric wires, a small bearing scraper, four-edged reamer and an awl.

TEST BABY FIRE WAGON

A motorcycle with side-car attachment was recently tested by the fire department in Milwaukee, Wis. Carrying two firemen and eight extinguishers, it is found that the machine is able to reach a blaze sooner than a motor-drawn apparatus.

WHAT AUTO TRUCKS CARRIED

Statistics for 1920 show that motor trucks carried more tonnage than either inland waterways or interurban trolley lines. Motor transportation now ranks only to rail transportation.

A patent has been issued for a silk gauze face shield to keep dust from the eyes and noses of automobilists.

Hearse Too Speedy?

DALLAS, Tex.—A woman called up City Attorney Collins and asked him to rule on the speed limit for funerals. Cross questioned, the complainant said she, as mourner, drove a flivver and could not keep up with the hearse going twenty-seven miles per.

AUTO IS FACTOR IN 'BACK TO NORMAL' FOR BUSINESS

C. R. ANDERS, SALES MANAGER
FOR C. A. WISHART & SON
MAKES STATEMENT

That the automobile will be a big factor in putting business back to normal is the statement made by C. R. Anders, sales manager for C. A. Wishart & Son, agents for the "Vellie."

"Very few people realize the tremendous impetus which motor car sales have given business in general, for now there is no question in the mind of anyone but what the motor car is an economic force in our daily lives," said Mr. Anders.

"The findings of the National Automobile Chamber of Commerce, which prove by exacting research that 90 per cent of all passenger cars are used more or less for business, shows graphically, the standing of the motor car in the life of the American business man."

What Harding Says

"In his notable address delivered recently, President Harding, speaking on the subject of good roads, says, 'The motor car has become an indispensable instrument in our political, social and industrial life.'

"The Vellie Motor Car company has always enjoyed a conviction of this sound conclusion. I might say that the success of the Vellie company and its dealers has been based upon this fact. We have sold transportation knowing that the efficiency of men in all walks of life is greatly improved by the use of the motor car."

"Of course, if the motor car is to be used profitably, operation must be on a sound, economical basis. Vellie cars are used by salesmen, doctors, lawyers, farmers, contractors, real estate men and by men in every other trade and profession which is in existence."

"The reports of Vellie owners who operate their cars under the most arduous conditions only serve to strengthen our statement that the passenger automobile is the modern means of transportation."

Drama Section Meets With Mrs. M. Barker

The drama section of the Tuesday Afternoon Club met Thursday afternoon at the home of Mrs. M. C. Barker, 1246 South Glendale Ave. A letter was read from Roy Kent, donating a bill of \$18 worth of material and labor in connection with the recent presentation of the evening of three one-act plays by the section. A letter from the president of the Tuesday Afternoon Club, Mrs. C. E. Hutchinson, congratulating the section and inclosing a check was also read. Votes of thanks were given for both donations. The final report showed that after the section had presented the club with a check for \$600 toward the building fund, that there was a balance of \$54.38 still left in the treasury.

Mrs. R. E. Chase, curator of the section, read three acts from Moller's "The Learned Lady." It was decided that a dinner for members of the section and their husbands would be given at the final meeting, June 16. The general committee appointed to have charge of this included Mrs. Charles H. Temple, Mrs. A. P. Findlay, Mrs. A. M. Hunt, Mrs. A. S. Gibbs, Mrs. L. Sherman and Mrs. Homer Lockwood. The program committee appointed consists of Mrs. C. H. Temple, Mrs. Sherman and Mrs. Barker. At the close of the afternoon refreshments were served.

HERE'S A FUNNY TRADE

Nathan Simon of New York city mistook a passenger automobile belonging to John Litzinger for his own. He was half way to Boston before the discovery was made, when Simon immediately telephoned the owner and upon deciding that both cars worked better for their new masters, they swapped.

VERY POPULAR WITH WOMEN

The patented dry plate disc clutch of the new Buick is quite popular with women drivers, as it enables them to drive their Buicks to any function, as the damtiest shoe can be worn while driving. No oil is required to keep the clutch in perfect running order.

TOOL TO SPREAD CASING

By operating from the outside a new tool for spreading automobile tire casings holds them open without interfering with work to be done inside of them.

With Spring Comes the Rush Season for Ford Cars

Each year thousands have been compelled to wait for their cars after placing their orders. Sometimes they have waited many months.

By placing your order now, you will be protecting yourself against delay. You will be able to get reasonably prompt delivery on your Ford car. And you will have it to enjoy when you want it most—this spring.

Don't put off placing your order.

LOCAL ELKS' SQUAD STANDS SIXTH IN PIN TOURNNEY

LOSES EIGHT GAMES, WINNER OF FOUR, IN 1921 SERIES OF BOWLING GAMES

At the end of the fourth week of the Elks 1921 bowling tournament, southern division, the Glendale lodge stands sixth in the list, having won four games and lost eight.

The first match of three games was played against Redondo on the Glendale alleys, the second was against Pasadena at that city, the third was against Anaheim on the local alleys, and the fourth at Long Beach last week Friday.

There was no match scheduled for last night on account of the Fresno tournament.

Among the officers in charge of the southern division tournament are Casey E. Brain of Glendale, secretary and treasurer, J. Fortunato and J. Apfel of Glendale, directors. Of the ten lodges in this division only two clubs have their own alleys, Glendale and San Bernardino.

Schedule for Local Team
There are fourteen series of games yet to be played by Glendale. The schedule for the local team is as follows:

May 13, Glendale at Los Angeles; May 20, Santa Monica No. 1, at Glendale; May 27, Glendale at San Bernardino; June 3, Los Angeles No. 2 at Glendale; June 10, Glendale at Redondo; June 17, Pasadena at Glendale; June 24, Glendale at Anaheim; July 1, Long Beach at Glendale; July 8, Los Angeles No. 1 at Glendale; July 22, Glendale at Santa Monica; July 29, San Bernardino at Glendale; August 5, Glendale at Los Angeles, No. 2 team; August 12, Santa Monica, No. 2, at Glendale; August 19, Glendale at Santa Monica, No. 2 team.

Glendale Will Meet Covina Next Tuesday

The scheduled baseball game between the Glendale and Covina high school teams, which was supposed to have been played yesterday afternoon, was postponed on account of wet grounds and will take place next Tuesday on the local grounds. Although the black and red athletes got away to a bad start in the Central league this year, losing five of their first six games, they have recently started playing real ball and as a result are lodged in third place.

The boys have been aided by good fortune as well as good playing, in the fact that the two games that have been lost to Franklin early in the season have been stricken off the list on account of the latter school being represented by ineligible players. With all this the locals still have a fighting chance of winning the league championship, and it is up to the Glendale fans to back them up at every game.

'Polly With Past' Is Palace Grand Feature

How Ina Claire, enacting as everyone knows, the principal part of a current Broadway stage success, has found time to repeat her portrayal of the celebrated title part of "Polly With a Past" is one of life's and the theatre's mysteries.

But obviously it has been accomplished; for the Palace Grand theatre announces the picture presentation of this Belasco stage hit, written by George Middleton and Guy Bolton, for tonight only. This overcomes one of the public's—or more accurately the public's one—objection to Miss Claire: that her popularity in New York precluded her appearance elsewhere, either personally or on the screen.

The story of Polly and the method of her acquisition of a past is one that pleased theatre-goers for a long and sensational season and brought Ina Claire a long and sensational prominence. It is of a girl, who, for certain reasons and for a certain young man, took on a spicy reputation and then—here was the real hitch—had to live up to it.

Cecil B. De Mille's masterpiece, "Forbidden Fruit" comes tomorrow for a three-day stay at the Palace Grand. Other pictures and orchestral accompaniment round out the Jensen offerings.

A. R. Hill Has Opened Realty Office In City

A. R. Hill, who comes from Van Nuys to Glendale, has opened a general real estate, loan and insurance office at 616 East Broadway where he will be glad to meet his many friends from Phoenix, Ariz., who now reside here. In the last several days he has invested heavily in Glendale property and realizes what Glendale is and is to be from the profits he has taken from sales locally.

WARNS OF LUBRICATION LACK
Blown by suction from the intake manifold, a whistle has been invented to warn a motorist that the circulation of lubricating oil in his car has stopped.

POSTPONE 45 GAMES IN BIG LEAGUES; BAD WEATHER

AMERICAN LOSES 24, NATIONAL PUTS OFF 21 BECAUSE OF POOR PLAYING DAYS

BY HENRY L. FARRELL
United Press Staff Correspondent
NEW YORK, May 7.—Forty-five games in the major leagues have already been passed ahead for don't-knowers during the hot summer months, due to bad weather.

The weather breaks have been a little against the American league. Ban Johnson's circuit has twenty-four games on the shelf, while the National has twenty-one.

Ohio's pets, the Cleveland Indians, and the Cincinnati Reds have been the most fortunate in getting out of extra work as both Buckeye clubs have only a pair of postponements.

The Boston Red Sox have been hit hardest, being forced to give way to the weather man nine times. The White Sox, Yanks and St. Louis Cards are next with eight each.

Many Postponements
In the National league St. Louis has eight postponements, Chicago, seven; New York, five; Pittsburg, four; Philadelphia, four; Brooklyn, three; Boston, four, and Cincinnati, two.

In the American league the Red Sox have nine; the Yanks, eight; White Sox, eight; Athletics, six; Tigers, five; Browns, five; Senators, five, and Indians, two.

As far as possible, for box office reasons, the magnates will fill in off days with postponed games to keep their athletes busy. Otherwise they will have to give two games for the price of one.

Big Orchestra Plays With 'Way Down East'

D. W. Griffith prides himself on his ability to present his great motion picture masterpieces in the smallest community in a manner equal to that he offers in the greatest cities. A large symphony orchestra travels with all organizations presenting "Way Down East," and there will be no exception to the rule when the photo-dramatic spectacle is shown at the Glendale Theatre tomorrow and Monday. The Griffith attention to detail is brought forth vividly in the presentation of this huge motion picture production.

It is not alone in the great ice-break and snow-storm scenes that the Griffith art is best emphasized. The scene wherein a kitten roars over fast asleep along with the human idlers in front of the village store is a work of real art. This required much patient effort to record it on the screen.

Lillian Gish and Richard Barthelmess, known to millions of patrons of motion pictures, have the leading roles of the lovers who triumph over all manner of obstacles.

INVENTS CONVERTIBLE BODY
Invented by an English aviator, glass panels that slide into the body of an automobile enable a car to be converted from one of the open type into a limousine in about one minute.

Bared knees of women on Detroit stages are now barred knees.

BABE RUTH BREAKS TRAINING ORDERS, YET HITS 'EM

HOME RUN KING IN TROUBLE WITH MANAGER BECAUSE OF HIS CONDITION

By HENRY L. FARRELL
United Press Staff Correspondent
NEW YORK, May 7.—Babe Ruth, the king of swat, is now in the bad graces of Miller Huggins, the sawed-off manager of the Yankees.

The New York club owners deny that the home run king has been threatened with suspension, but all the baseball writers know that Huggins is displeased with the way the bambino is acting.

Huggins wants his boys in early at night and the babe loves the rush of wind against his face as he speeds around under the moon in his high power car.

Huggins claims he can't insist upon some of the lesser lights following the mandates of training if he permits any exceptions.

Ruth is still greatly overweight and while his condition hasn't taken the edge off his batting eye, his work in the field has been anything but that required of a major league gadener.

Varied Training Rules
Managers have various ideas of training rules. McGraw makes the Giants follow the straight and narrow path. Johnny Evers, a pupil of the Frank Chance school, is a strict disciplinarian. Ty Cobb and Tris Speaker, the noted playing managers, have different ideas.

Cobb refused to lay down a set of training rules when he took hold of the Tigers this spring. He said he would leave it up to the boys to keep in condition, according to their own ideas.

Speaker succeeds very well with the "brotherly" line of leadership. He pals and runs around with his players and when he's ready to turn in, they turn in with him.

Perhaps Speaker is right. At least none of the Indians was suspended last year.

Elks' Ball Team To Fight With All-Stars

The fast Glendale Elks' baseball team will tackle the William Russell all-stars on the local grounds tomorrow afternoon in what promises to be one of the best contests of the season. The famous Universal feature star has gathered together a bunch of high-class fly chasers and they are sure to form stiff opposition for the antlered herd's aggregation.

The members of the Elks' team held their weekly "skull practice" and business meeting last night in the club's athletic room, afterward opposing the bowling team in a practice match. After three games it was unanimously agreed upon by all those present that as bowlers the team members were excellent ball-players.

The game tomorrow will be played on the new grounds on San Fernando Road and Park avenue, and will begin promptly at 2:30 o'clock.

Book Of Knowledge Is Being Introduced Here

What you ought to know is the subject of "The Book of Knowledge" which is now being introduced into Glendale homes. A current review of this work of Arthur Mee and Holland Thompson, Ph. D., editors-in-chief for the Grolier Society, comprising twenty volumes, follows:

Parents and guardians and other relatives to whom the young mind looks up to for knowledge are familiar with one inevitable question of childhood. It is, Why? Woe to those elders who cannot answer questions after school hours. If not, tears are too often the result.

Valuable help at home to answer this everlasting "why" can be found in this encyclopedia. It is attractively illustrated, clearly printed and well bound. No attempt is made in these volumes to come into conflict or competition with ordinary school lessons. The opportunity held out by the editors is to supply ready-at-hand information for children's minds at home.

It is stated by the publishers that "The Book of Knowledge" is owned and indorsed by 700,000 families throughout the world, and that it is published in English, French, Spanish, Italian and Portuguese.

In prose and poetry—but principally in prose—the articles, appearing in condensed, finely written style and thoroughly up-to-date, deal with facts of history, biography, achievements of science, wonders of nature, art, geography, the pleasures of literature, and the like.

The whole message is one of fascinating interest, full of charm both to adults and juveniles.

NOVEL AUTOMOBILE LOCK
A novel automobile lock fastens the gears in reverse position and clamps on the emergency brake.

WARM GASOLINE PRIMER
A new automobile accessory sends warmed gasoline to primer, ready for ignition, when a starting pedal is pressed.

Come and See The Vellie Six That Conquered the Grand Canyon

EVERY person who is interested in real motor happenings should see the Vellie Six that made the dip into the Colorado River to the very bottom of the Grand Canyon. It is now on display at our salesroom, Corner of Grand, at Pico.

See this Vellie that made the trip from the Rim of the Grand Canyon down to the edge of the Colorado River, then came up and out again under its own power!—and made the entire 1200 mile trip from Los Angeles to the Canyon floor and back to Los Angeles with no water added to its radiator after leaving Los Angeles!

Do not fail to see this Vellie. See the photographs taken on the trip. Let us tell you the full details of the feat—ask us any questions you may wish. Learn just what this Vellie has done.

Then you will want to own a Vellie model 24—a car exactly like the Vellie that conquered the Grand Canyon. —and if you are not already aware of what VALUES are always found in Vellie cars you will be pleasantly surprised to find this Vellie 24 selling for only.

Noted Novel Is Being Featured Upon Screen

"The Spenders," Benjamin B. Hampton's photoplay of Harry Leon Wilson's famous novel released by the W. W. Hodkinson corporation, is the featured attraction at the Glendale Theatre for the last times today. It is a masterpiece, both as a photoplay primarily, and as a novel on the silversheet.

The prominent roles are interpreted by a cast of the screen's best character stars. Joseph J. Dowling takes the role of "Uncle Peter Bines," a character said to surpass the masterpieces of Sol Smith Russell and W. H. Crane in whimsical humor and humanness. Robert McKim plays "Rulon Shepler" with his usual power and virility. Beautiful young Claire Adams, who has recently become a Benjamin B. Hampton star after smashing successes in previous pictures for that producer and Goldwyn, demonstrates once more that she is a coming genius of the silversheet in her work as "Avice Milbrey." Niles Welch is the ideal romantic hero as "Percival Bines."

"Aloha" is the feature organ number by Madame Clement and Lyons and Moran keep the audiences good natured in their latest scream "Blue Sunday." Other numbers on the bill include a news reel which is always interesting. Clip your coupon from The Glendale Evening News for a free admission once a week.

Playful Wedding Guests Send Bride To Hospital

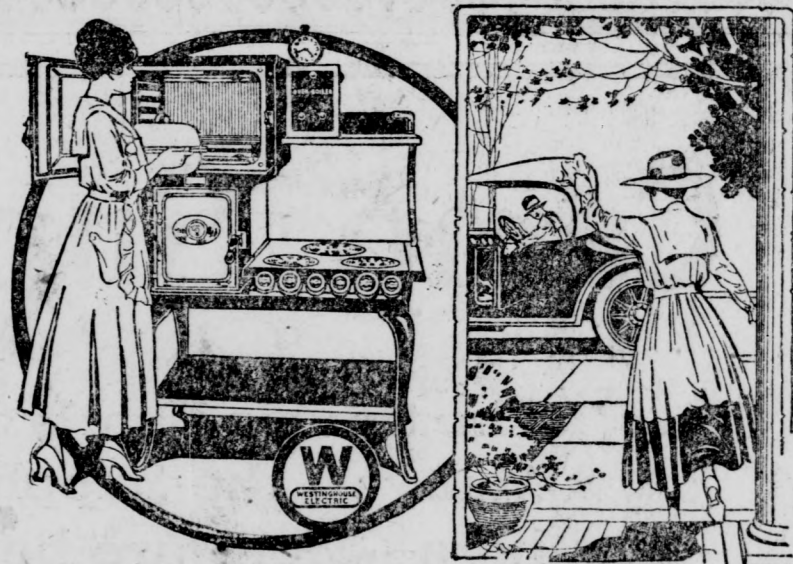

BELVIDERE, Ill.—Mrs. Earl Copinger was spending her honeymoon in the hospital today under the care of two physicians. Guests had tried to kidnap her following the wedding. During the struggle she was thrown to the sidewalk and her skull injured.

Noted Chateau Will Be Public Monument

VIENNA—Schoenbrunn, the imperial chateau where once dwelt Maria Theresa and where Napoleon Bonaparte planned his 1805 and 1809 campaigns in Austria, will be turned over to the people of Vienna as a public monument and recreation ground.

COMBINE AUTO AND SLEIGH
Invented in Germany, a three-wheeled automobile that is driven by an air propeller has wheels that can be turned up to lower the body on runners to serve as a sleigh.

Because England is small, the average haul is short and with a system of good roads, motor transportation is fast taking the place of the railway freight system in that country.
